Description:

Review 'I would like to take this opportunity to express my excitement over the book "Clear Speech." Rarely, do I find a book that deals expressly with aural and oral skills. This little book is

huge in its delivery of those skills. I am truly impressed!' Irene K. Tron, Marion City Schools USA --

Book Description This is a revised and expanded version of the highly successful and innovative pronunciation text for intermediate to high-intermediate students of North American English. The Clear Speech, Third Edition, Student's Book provides learners with visual representations of important pronunciation features, such as voicing and syllable length. It features a reordered table of contents, a greater emphasis on listening recognition, and more coverage of vowel sounds. It also contains a Student Audio CD, so students can practice many of the exercises on their own.
